## 2020 WINS

### HIGH QUALITY

This classic design is enhanced by the high gloss finish and the deep patina of the wood. The construction follows the manner of traditional mortise-and-tenon joints also dove tail joints at drawers as special features.

This elegant range of dining furniture is one of MI products. It is Flying screensmade from solid Indonesian mahogany (*Swietenia mahogany*) from managed forests where timber is grown specifically for furniture production

### SPECIAL FEATURES

The construction follows the rules of floating components to allow the wood to shrink or expand avoiding the risk of cracking, such as table tops, shelves, backs or even drawer bottoms.

MI's high quality finishes also protect and extend the life of furniture by sealing the wood against moisture to prevent expanding, shrinkage, twisting, cracking and splitting. They also protect exposed wood surfaces from deterioration due to sunlight and other harmful agents

**The Bramble Range** of dining and occasional pieces has an elegant, romantic style. A gently distressed off-white paint finish combined on some pieces with mindi wood surfaces is fresh and contemporary and brings an element of French country chic to any room.

# DORCHESTER DINING

This range of dining furniture is crafted from plantation grown Mahogany with a wonderfully rich tone and highly polished finish. Reminiscent of Georgian dining room furniture it has a grace and sophistication which is enhanced by the subtle curves of the design and clever detailing such as the pale blue and cream stripe on the luxuriously padded dining chairs. This is a timeless collection that will bring a touch of grandeur to any setting.
